## CONVICTS BUILD FISH HATCHERY

State Will Employ Convict Labor on Work at Medicine Park.

Lawton, Okla., May 12.—Twenty convicts, accompanied by several guards, arrived today from the state penitentiary at McAlester and were transported to Medicine Park in automobile trucks. They will be used to construct the state fish hatchery, for which \$15,000 was appropriated last regular session of the state legislature. The use of convict labor on the state fish hatchery will be the first time that convicts have been employed on public works since the law governing this class of labor, which was passed at the last session, went into effect.

## ODD FELLOWS' ASSOCIATION

Carter County I. O. O. F. Association

Meets at Berwyn May 31.

The fifth quarterly session of Carter County Odd Fellows will be held at Berwyn, Wednesday, May 31. The local members of that little burg have sent out a very neat program for that occasion, and it goes without saying that the town will be filled with the three-linked fraternity on that date.

An open session which everybody can attend will be held in the afternoon, and as there are some special speakers on the program, the entertainment will be made interesting.

Here is the program:

2 p. m.—Open session.

## Sign of Convalescence.

"You have a splendidly equipped hospital and a very efficient and charming corps of nurses. What I do not understand, however, is how you can always tell when a patient is well enough to be taken home from the hospital." "As soon as he is able to sit up and try to kiss his nurse he is strong enough to be sent home."

## UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop using dangerous drug before  
it salivates you!  
It's horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a 50 cent bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

## Revivalist's Tent is Burned.

Tulsa, Okla., May 12.—Just as the crowd was beginning to gather in a large tabernacle tent, where a revival meeting is in progress, the tent caught fire from a lighted cigarette, and with furniture, song books and other equipment, was totally destroyed. The meeting was in charge of the Southern Methodists, with Evangelist E. L. Coale of San Antonio, Texas, in charge. It had been in progress but two days. Another tent was ordered from Kansas City immediately and the meeting will continue. The loss amounted to \$1,500.

## AT THE THEATRES

### Majestic.

"The hours I spend with thee,  
dear heart,  
Are as a string of pearls to me.  
I count them over every one  
apart,  
My Rosary, My Rosary."

The Majestic has booked the seven-reel Selig Red Seal play, "The Rosary," for Tuesday. This production is adapted from the well known play by Edward E. Rose and tells the story of the many events which crowd the life of Father Kelly. In his early years his struggle between the love of a girl and the call of the church is shown, while late in life he becomes the pivot around which a domestic tragedy revolves. His ward, a young broker, unjustly suspects his wife of being false to him and Father Kelly, who is visiting them when they quarrel, is at last instrumental in uniting them and again bringing happiness into both their lives. Charles Clary makes a beautiful character of the priest while Kathryn Williams and Wheeler Oakman portray ECHOLS—15  
tray the young couple in a way which makes their characters appear to really live. From start to finish the film teems with dramatic action and its artistic treatment makes it a production which, once seen, will never be forgotten.

### Palace.

Clara Kimball Young, considered the loveliest and best beloved of all screen stars, will be the attraction at the Palace theatre tomorrow, when the World Film production of "The Feast of Life," directed by Albert Capellani, will be shown. In this picture Miss Young is strongly assisted by Paul Capellani and Doris Kenyon. "The Feast of Life" is one of the greatest pictures of love, life and lies of the Latin lowlands ever pictured, and the fact that Director Albert Capellani, who is responsible for the film production of "Les Miserables" took a whole company of players to Cuba to obtain realistic atmosphere, proves more than anything else that this picture was produced with nothing else in mind than one perfect in all details of acting, scenic arrangements and proper locale.

The Ches Davis Musical Comedy company, which delighted so many here at the Palace a few days ago, returns to the Palace for three days beginning Monday, May 15. This is the company with the Famous Imperial Quartette, considered the four best harmonists on tour in the United States today.

### Theatrorium.

Tucked away somewhere in the inner consciousness of every man and woman is the memory of the first circus they ever attended. How vividly, when once the old recollections are aroused, does the memory of that great epochal period come back. It was this self-existent truth which prompted the Universal to give to the motion picture going public as its next serial offering a circus story. In the midst of the most glorious, glittering galaxy of circus stars, under the title "The Adventures of Peg o' the Ring," a story has been woven which, while retaining the wonderful kaleidoscopic background of the circus, yet keeps the spectators on edge with suspense.

In the first reel we are introduced to a charming aerial performer, known as Peg o' the Ring (Grace Cunard) ostensibly the daughter of Flip, an old-time circus clown, who has seen almost his allotted three-score years and ten in the saw-dust ring, making people laugh.

The greatest high-air gymnasts in the world in single, double, and triple-flying somersaults, passing each other in mid-air, catching one another by the hands or feet, playfully tossing one performer to the waiting hands of another across a yawning chasm and audacious feats of finished flights and reckless rarity. "La Belle and her wonderful leopards. A dance with the leopard. The leopards and lions' tango."

All these things and more the Universal offers in its wonderful all-star circus serial, "The Adventures of Peg o' the Ring," but through it all runs the story of Peg, a charming young woman not yet of age, about whose small person revolved the fortunes of the entire circus.

This circus serial will be shown every Saturday at the Theatrorium, beginning May 20th.

In the whole field of medicine there is not a healing remedy that will repair damage to the flesh more quickly than BALLARD'S SNOW LINIMENT. ## TRIAL TO DETERMINE OWNERSHIP OF APPAM

Norfolk, Va., May 12.—When the proceedings to determine possession of the captured British liner Appam brought as a German prize to this port were begun in federal court here Friday, Judge Wadill, over the protest of counsel for the German embassy, made public for the first time the state department's communication on March 2, to Count von Bernstorff.

It discloses that the department expressed the view that the Appam did not fall within the protecting clauses of the Prussian-American treaty.

### Position is Factor.

William Dinwits, chief officer of the Appam gave her position when captured as 100 miles from the position designated by Lieutenant Berg, her captor. The effort is to show that this was 1,500 miles from Emden and 3,501 from Norfolk and that Emden was the place to take the prize.

The German government claims possession of the Appam under the treaty of 1799, which provides the vessels of war, public and private, of both Germany and the United States shall have free entry and departure with their prizes from ports of both countries.

### Ship Unaccompanied.

The contest arises over the fact that the Appam came into Hampton Roads unaccompanied. The treaty deals only with those brought by warships. The Appam, however had a German prize crew aboard and these complications are to be decided by the courts. Ultimately the case probably will end in the supreme court.

The British owners of the Appam seek to recover her by libel proceedings.

## METHODISTS MAY RAISE BAN ON DANCING, CARDS, ETC.

Saratoga Springs, N. Y., May 12.—Members of the Methodist Episcopal church who play cards, dance and attend the theater will no longer be liable to expulsion, if recommendations made by a subcommittee of the general conference which has been considering the question of amusements are adopted by the committee on the state of the church, and later by the conference. The report was offered to the main committee late today and after an acrimonious discussion debate was deferred until Monday.

By a vote of ten to eight the subcommittee recommended the elimination from the book of discipline of the clause prohibiting these amusements and offered as a substitute an additional paragraph in which warning is made against the diversions. The effect of the proposed change is to remove the absolute prohibition, but to place the church on record as still strongly opposed to these forms of amusement. A minority report was submitted advising the retention of the paragraph as it now stands.

It was maintained by those favoring removal of the restriction, that the penalty now provided is not enforced in any church and that the effect upon young people will be much greater if a provision that can not be enforced is withdrawn and a general warning issued that the church does not sanction "dancing, playing at games of chance, attending theaters, horse races, circuses, dancing parties or patronizing dancing school." Opposition to the change is based on the allegation that it means the church is "letting down the bars."

Barbed wire cuts, ragged wounds, collar and harness galls heal up quickly when BALLARD'S SNOW LINIMENT is applied. It is both healing and antiseptic. Price 25c, 50c and \$1 per bottle. Sold by Bomar Drug Co.

## CLEAN SLATE GIVEN BRANDEIS IN PROBE

Washington, May 12.—Reopened hearings before the senate judiciary subcommittee investigating the fitness of Louis D. Brandeis for the supreme bench began and ended today with the introduction of testimony regarding Mr. Brandeis' connection as counsel with the merger last January of the United Drug company and the Riker-Hegeman Drug Stores company and a statement by Commissioner Harlan that Mr. Brandeis' services to the interstate commerce commission in the 5 per cent advance rate case were eminently satisfactory.

### Still Uncertain.

The subcommittee, which already has recommended by a vote of three to two confirmation of the Brandeis nomination, will draft supplementary report when today's evidence has been printed. There was no evidence tonight as to when a vote in the full committee might be expected.

Commissioner Harlan stated that Mr. Brandeis was employed by the commission not to represent the shippers by the public in seeing that all the facts in the rate case were presented. He said he would have regarded him as failing in his duty if he had withheld any important conclusions he reached in regard to the case. Both statements were drawn out in answer to criticisms of Mr. Brandeis because of his closing argument of the case he said the net operating revenues of the carriers were too small.

"It never occurred to me and I have never heard any of my colleagues criticize his action," Mr. Harlan said.

## ROOSEVELT FORMALLY ANNOUNCES CANDIDACY

Oyster Bay, N. Y., May 12.—Col. Theodore Roosevelt today formally entered the race for the nomination for president by the republican and progressive conventions at Chicago on June 7, in a letter which he sent to Guy Emerson, secretary of the Roosevelt Non-partisan League.

Stripped of superfluous words, the Roosevelt letter means that the league was organized with the object of obtaining his nomination by a reunited party. Col. Roosevelt states that he "approves" of what the league is doing.

One sentence was considered especially significant, as it was generally believed to refer to Justice Hughes, who, according to many inspired stories, Roosevelt and the progressive party were ready to support. The sentence reads: "I do not have to improvise my convictions on either Americanism or preparedness."

In his letter Colonel Roosevelt presents the platform upon which he would run and reiterates his former assertion that it would be a mistake to nominate him unless the two parties were ready to support the principles he advocates. But there are two sentences which present the story in a nutshell. The first is in the letter to Roosevelt and reads:

"The Roosevelt Non-partisan League is a movement inaugurated by citizens of all parties who believe that Americanism is the great issue before the country today and that you are the strongest available man as leader under that issue."

The second is in Roosevelt's reply and reads:

"Your league emphasizes its devotion to these principles and supports me only as representing these principles. This is emphatically the proper attitude and because of this attitude and because you are working in this spirit, I very earnestly approve your work."

## Greatly Benefited by Chamberlain's Liniment.

"I have used Chamberlain's Liniment for sprains, bruises and rheumatic pains, and the great benefit I have received justifies my recommending it in the highest terms," writes Mrs. Florence Sife, Wabash, Ind. If you are troubled with rheumatic pains you will certainly be pleased with the prompt relief which Chamberlain's Liniment affords. Obtainable everywhere.

## SCHOOL OF INSTRUCTION FOR STATE NATIONAL GUARD

Stillwater, Okla., May 12.—Officers and enlisted men of the Oklahoma National Guard from thirty cities began arriving here today for the annual school of instruction which is scheduled to open tomorrow and continue until May 25.—A camp site has been laid out on the campus of the Oklahoma Agricultural and Mechanical College, just east of the athletic field and adjoining the college parade ground. Officers of the guard expect more than 125 men to be in the camp.

One of the features of this year's camp will be the fact that the cadet regiment of the college here will be placed at the disposal of the officers of the national guard, it was announced. There are 800 students enrolled in the cadet regiment, and they are under the instruction of Lieutenant George W. Ewell, third infantry, U. S. A. The cadets will be at the service of the school of instruction for several hours each week, it was stated.

The school of instruction will be made up of the commissioned officers of the national guard and four non-commissioned officers from each company, consisting of first sergeant, quartermaster sergeant, company clerk and one cook.
